Order No.is VES1104001CE

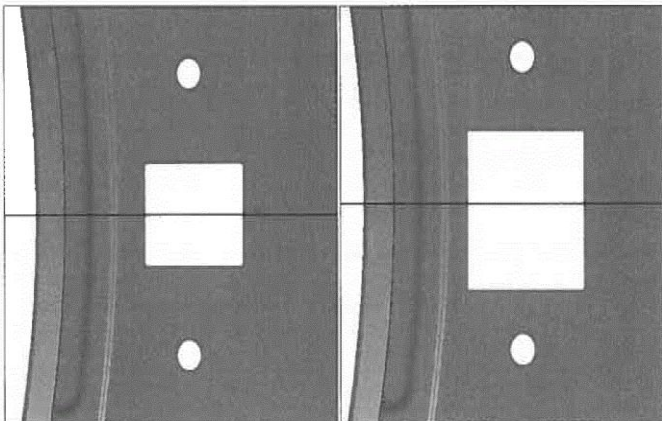

⚠ WARNING

This service information is designed for experienced repair technicians only and is not designed for use by the general public. It does not contain warnings or cautions to advise non-technical individuals of potential dangers in attempting to service a product. Products powered by electricity should be serviced or repaired only by experienced professional technicians. Any attempt to service or repair the product or products dealt with in this service information by anyone else could result in serious injury or death.

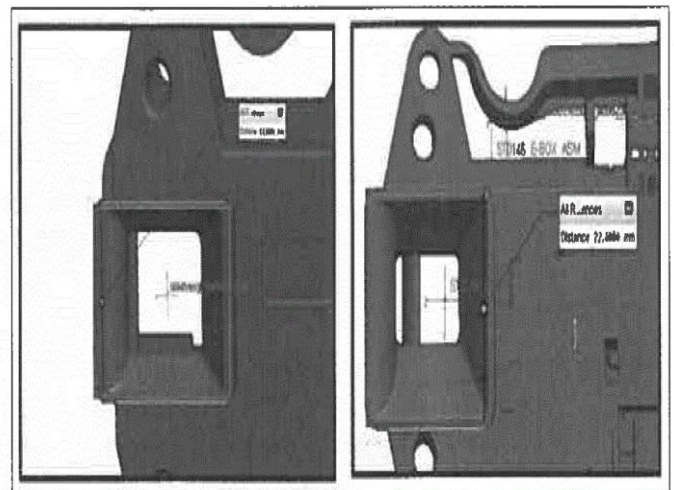

1.Reason for changing

In order to minimize the effect of the declination of door group,door lock window has been re-designed by expanding. Door lock hole will stay the same size, while the hook area is to be expanded.

Door lock window on the front panel will be expanded accordingly.

Old Front Panel Door Lock Hole (left) vs New Front Panel Door Lock Hole (right)

Old door lock design (left) vs New door lock design (right)
